<i>A Smart Girl's Guide to Money (American Girl)</i>		<i>Nancy Holyoke</i>	Presented in a colorful and fun format, this book is attractive and practical. Examples used are timely and age appropriate. Quizzes throughout reinforce the concepts presented and will help readers question current spending habits.	2006
<i>Growing Money: A Complete Investing Guide for Kids</i>		<i>Gail Karlitz & Debbie Honig</i>	A clear explanation of the theory behind investing and compound interest. Related terms are introduced and defined throughout the volume and anecdotes citing companies familiar to children (e.g., Kellogg's, IBM, Coca-Cola) often illustrate principles.	1999
<i>Career Ideas for Teens in Finance</i>		<i>Diane Lindsey Reeves</i>	Discusses many career opportunities in the field of finance.	
<i>Lunch Money</i>		<i>Andrew Clements</i>	Sixth-grader Greg Kenton has always had a talent for making money. His latest scheme, creating and selling miniature comic books, looks to be a success. However, problems arise when his classmate and longtime nemesis, Maura, competes with him by making her own mini-stories. Even worse, the principal, who believes that comic books are nasty and violent, bans their sale at school.	2007
<i>Money Sense for Kids!</i>		<i>Hollis Page Harman</i>	The author offers ideas on how kids can earn, save, budget, and invest money of their own. She also presents puzzles and games that focus on the theme of money.	2005
<i>Stock Market Smart</i>		<i>Eileen McGowan & Nancy Dumas</i>	Using a question-and-answer format that's easy to follow, the authors explain major investment options in easy-to-understand terms and extol the value of saving. The book's format helps to make the sometimes sophisticated information accessible: page layout is enhanced by full-color, computer-generated illustrations, shaded sidebars, and charts.	2002
<i>The Young Investor: Projects and Activities for Making Your Money Grow</i>		<i>Katherine R. Bateman</i>	Explaining the language of finance and the skill of investing, this guide gives kids an early start at making their money grow. The book explains the general concept of money and demonstrates how saving works based on the concepts of simple and compound interest.	2002
