<b>Information Technology</b>				
<b><i>Career Ideas for Teens in Information Technology</i></b>		<i>Diane Lindsey Reeves</i>	This is a helpful resource for teens exploring careers in the information technology field. Computers and the Internet are indispensable resources in today's world. Information technology professionals develop, create, maintain, and operate computer-related technologies.	2012
<b><i>Hello World!: Computer Programming for Kids and Other Beginners</i></b>		<i>Warren &amp; Carter Sande</i>	Hello World! Second Edition is a fun, easy-to-use guide with copious illustrations and engaging examples. It takes the reader on a playful tour of basic programming concepts and then puts those concepts together to make fun and useful programs. It uses Python, a programming language that is one of the easiest to read, write, and understand. Carter Sande is a middle school student who enjoys writing computer programs.	2013
