Introduction

Every two years, the Delaware Department of Labor produces industry and occupation projections at the statewide level for a period ten years into the future. This publication presents Delaware's efforts for the period 2024 to 2034. It supersedes the last such set of projections, which were generated for the 2022-2032 period and published in July, 2024.

Delaware is projected to have 35,430 more jobs in 2034 than in 2024, for an average annual growth rate of 0.7 percent. *Healthcare and Social Assistance* is expected to create the most jobs of any industry, with a projected growth of 11,590 jobs. Nearly one-third of net new jobs in Delaware are projected to be in this industry. Already the state's largest industry in terms of employment, it will become even more dominant by 2034.

Job openings measure opportunities that individuals have to enter an occupation. Job openings occur when the number of jobs at employers within the state are increasing (growth), or when workers currently in those jobs either find work in another field (transfers) or exit the labor force altogether (exits). Transfers and exits are also called separations. Total job openings are the summation of openings due to growth plus openings due to separations. Details on the methodology can be found here: *https://www.bls.gov/emp/documentation/separations.htm*

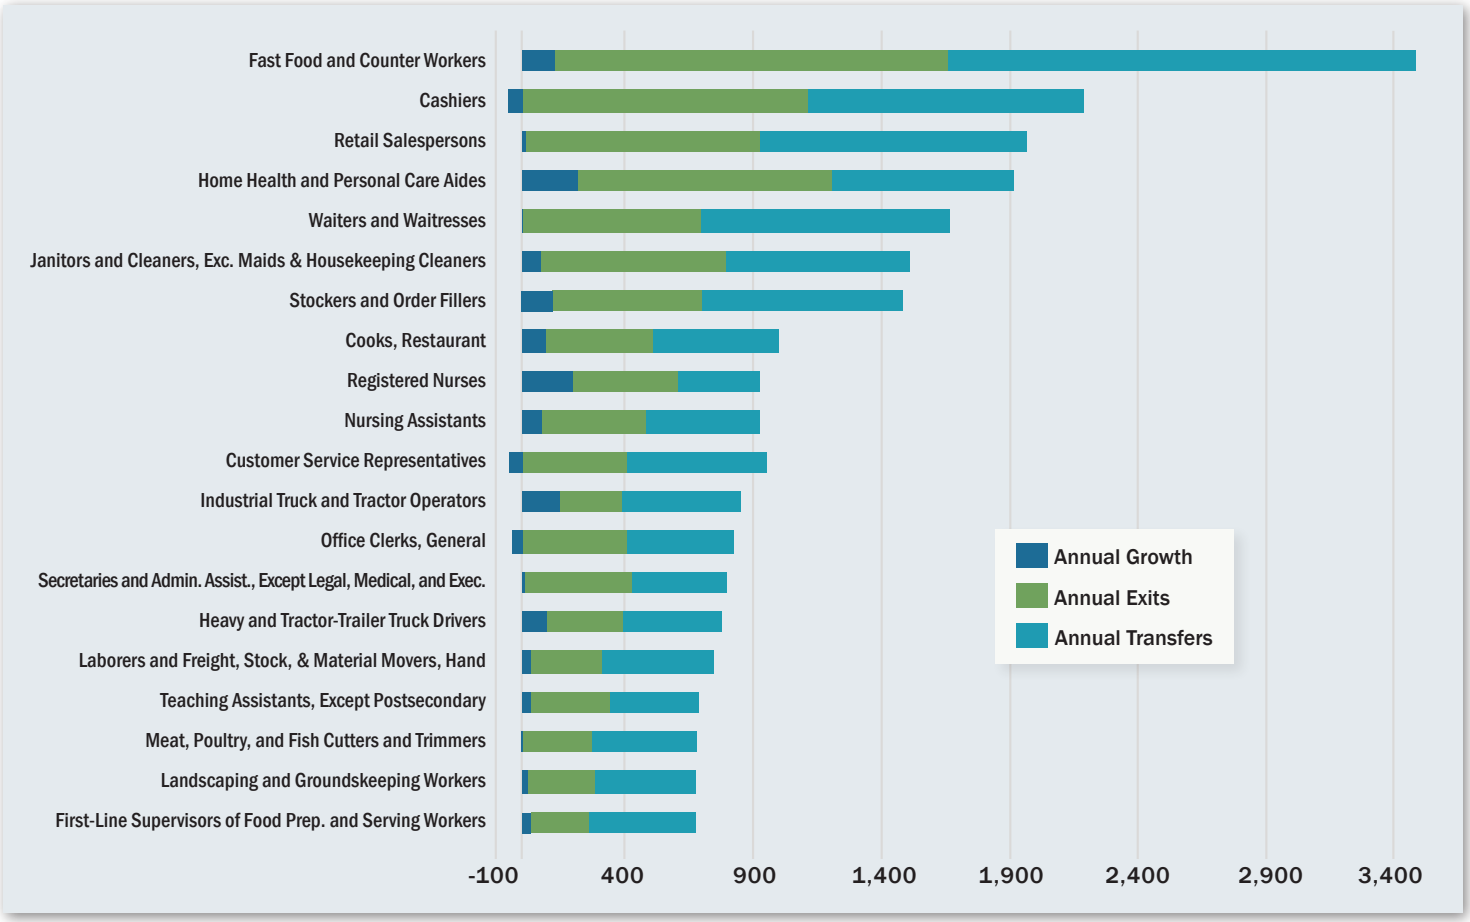

Occupation Projections by Occupational Group

In this section, we present job projections and associated data for 523 specific occupations in Delaware, listed by major occupational group. The data elements provided for each occupation are: the Standard Occupational Classification (SOC) code, an estimate of the total number of filled jobs in the state in 2024, the projection of total filled jobs in 2034, the skill category, wage category, job availability, and usual education, work experience, and training requirements. In the following section we present these same occupations arranged by the 14 Career Clusters used by state educators. There you will find the forecasted annual growth rate, annual openings due to growth, annual exits, annual transfers, and total annual openings, as well as the 2024 estimated average annual wage for each occupation.

Estimates of past employment levels and projections of future employment levels do not refer to the demand for workers, nor to the supply of workers. They refer to the equilibrium point where the supply and demand for labor are equal, that is, filled jobs. Labor demand and labor supply each have many possible employment levels, depending on the wage level. The wage level adjusts until the supply and demand for any given occupation are the same - that point is the employment estimate or projection for that occupation. Any forecast a decade into the future that predicts shortages or surpluses ignores this fact and is not well grounded in economic theory.

For ease of comparison, this first section presents occupational wages by wage categories. To create the categories, we divided the occupations with wages into quintiles (some occupations with wages are not available due to confidentiality reasons). There are about 100 occupations in each wage category. These categories are based on the 2024 average annual wage for each

Occupations With the Most Annual Openings, 2024–2034

occupation. Of course, it should be recognized that some people working in each occupation were paid less than the average, and some were paid more than the average, and that those just entering an occupation should expect to be paid less than this amount. More detailed wage distributions for most of these occupations, including estimates for entry- and experienced level wages, can be obtained by contacting our office.

The lowest paying occupations (*Low*) paid below $43,300 per year. The next lowest-paying occupations, those in the *Below Average* category (-Avg.), had average wages between $43,301 and $54,900 per year. The middle category, *Average* (Avg.) paid from $54,901 to $68,950. The second highest-paying category, *Above Average* (+Avg.), had average wages from $68,951 to $95,500, while the highest-paying occupations (*High*) had average annual wages exceeding $95,501. Wages that have been suppressed or are not available have been listed as NA.

Wage Categories

Wage Category	Abbreviation	2024 Average Annual Wage
Low	Low	Below $43,300
Below Average	-Avg.	$43,301 to $54,900
Average	Avg.	$54,901 to $68,950
Above Average	+Avg.	$68,951 to $95,500
High	High	Above $95,501

The placement of occupations into job availability categories is based on the expected total annual openings. There are four categories of job availability: *Poor*, with fewer than 10 annual total openings projected; *Fair*, with 10 to 29 annual total openings projected; *Good*, with 30 to 99 such openings; and *Excellent* (Excl), with 100 or more total annual openings projected. There are 138 occupations with *Excellent* job availability, another 118 in the *Good* category, 150 with *Fair* job availability prospects, and 117 in the *Poor* category.

Job Availability Categories

Category	Annual Total Openings	Number of Occupations in each Category
Poor	<10	138
Fair	10 to 29	118
Good	30 to 99	150
Excellent (Excl)	100 or more	117

The rest of the data refer to education, experience, and training requirements. There are seven levels of education, which are intended to describe the typical education level of someone entering the occupation. The education categories range from no formal educational credential (NFE), high school diploma or equivalent (HS), postsecondary vocational training (VocEd), associate's degree (Assoc), bachelor's degree (Bach), and master's degree (Mast) through doctoral or professional degree (PhD/prof). Some occupations typically require experience working in a related field. The work experience measure captures this as one of three possible values: none, less than five years (<5), and five years or more (5+). The on-the-job training field has six possible measures for the typical amount of training required to be considered competent in the occupation. These range from none, short-term on-the-job training of one month or less (SOJT), moderate-term on-the-job training of one month to one year (MOJT), long-term on-the-job training of over one year (LOJT), and apprenticeship (App) through internship or residency (Int). Those interested in further details on the education, experience, and training requirements should go to: *https://www.bls.gov/emp/documentation/education/tech.htm*

Percentage of Jobs by Level of Education

Level of Education	Percentage of Jobs Estimated in 2024	Percentage of Jobs Projected in 2034
High School and Below	61.3%	60.4%
More than High School, Less than Bachelor's	8.4%	8.7%
Bachelor's Degree or Higher	30.3%	30.9%

The skill category places each occupation into the high skill (H), middle skill (M), or low skill (L) category based on a combination of education, work experience, training, and formal certification. We worked closely with the Delaware Department of Education's Career and Technical Education office to develop the categories which are illustrated in the table on the next page.

Percentage of Jobs by Skill Category

Skill Category	Percentage of Jobs Estimated in 2024	Percentage of Jobs Projected in 2034
Low Skill	40.7%	40.3%
Middle Skill	29.0%	28.8%
High Skill	30.3%	30.9%

Delaware Skills Categories

	Work Experience (years)			Training					Certification	
Education	None	Less than 5 yrs	More than 5 yrs	SOJT (<1 mo.)	MOJT (1-12 mo.)	LOJT (1 yr+)	Appren-ticeship	Internship/ Residency	No	Yes
Ph.D./Professional Degree	H	H	H	H	H	H	H	H	H	H
Master's	H	H	H	H	H	H	H	H	H	H
Bachelor's	H	H	H	H	H	H	H	H	H	H
Associate's	M	M	H	M	M	M	M	H	M	M
Post-Secondary Certificate/ Vocational	M	M	M	M	M	M	M	M	M	M
High School or Equivalent	L	M	M	L	M	M	M	M	L	M
No Formal Education Credential	L	L	L	L	L	M	M	M	L	M

H = High Skill *M = Middle Skill* *L = Low Skill*

Projected Openings and Growth by Education Level, 2024–2034

Education	Total Openings 2024–2034	Percent of Total Openings	Job Growth 2024-2034	Annual Percent Job Growth	2024 Unemployment Rate
Ph.D./Professional	8,012	1.3%	1,587	1.1%	1.8%*
Master's	13,055	2.1%	2,272	1.5%	1.8%*
Bachelor's	102,514	16.7%	10,205	0.8%	1.8%*
Associate's	12,875	2.1%	983	0.8%	4.5%
Vocational Education	38,893	6.4%	3,724	1.1%	Not Available
High School Graduate	210,682	34.4%	7,668	0.4%	3.9%
No Formal Education	226,312	37.0%	8,991	0.6%	7.9%

**Unemployment rate is for Bachelor's degree or higher*

Occupation Projections by Career Cluster

This section contains occupations grouped by Career Clusters. Career Clusters were developed by the US Department of Education in 2002. In 2024, the Career Clusters Framework was revised from 16 to 14 groupings as a way to link school and work, helping students to choose a curriculum which is best suited to their career plans. This section reflects the revised Framework. The occupations listed here are the same ones displayed in the previous section; they are simply organized differently and present some different information. More information on the revised Career Clusters Framework can be found here: *https://careertech.org/career-clusters/*

In Table 2, occupations are arranged alphabetically within each of the 14 Career Clusters. For each occupation, we provide its SOC code, forecasted average annual growth rate from 2024 to 2034, average annual openings due to growth for that period, average annual exits (workers leaving an occupation and the labor force), average annual transfers (workers leaving an occupation and transferring to a different occupation), annual total openings, and the estimated 2024 average annual wage.

The SOC code can be used to refer back to the previous section to find the usual education, experience, and training requirements for the occupation.

The **Hospitality, Events, & Tourism** Cluster is expected to generate the most total openings, with 129,000 projected over the ten-year period. The **Healthcare & Human Services** Cluster has the highest projected job growth, with 11,604 new jobs and is second in total job openings with 95,806 jobs. The Clusters with the fewest job openings projected are **Energy & Natural Resources**, with 2,312; and **Arts, Entertainment, & Design** with 3,540.

While **Digital Technology** total job openings may be relatively scarce, it is the highest-paying cluster; its occupations paid an average wage of $108,493 in 2024. **Financial Services** was next highest, at $91,935. **Hospitality, Events, & Tourism** had the lowest average wage. This Cluster's occupations paid an average wage of $37,476 in 2024. The Cluster with the second lowest average pay is **Agriculture**, at $49,544.

Wages, Projected Openings, and Growth by Career Cluster, 2024–2034

Career Cluster	Average Wage 2024	Rank	Total Openings	Rank	Percent Total Openings	Job Growth	Ann. Growth Rate
Advanced Manufacturing	$60,500	10th	42,025	5th	6.9%	2,170	0.5%
Agriculture	$49,544	13th	13,683	11th	2.2%	553	0.5%
Arts, Entertainment, & Design	$64,513	8th	3,540	13th	0.6%	76	0.2%
Construction	$60,894	9th	31,899	8th	5.2%	3,277	1.0%
Digital Technology	$108,493	1st	12,291	12th	2.0%	1,281	0.7%
Education	$65,123	7th	37,975	7th	6.2%	3,942	1.0%
Energy & Natural Resources	$65,383	6th	2,312	14th	0.4%	105	0.5%
Financial Services	$91,935	2nd	19,541	10th	3.2%	-21	0.0%
Healthcare & Human Services	$70,220	5th	95,806	2nd	15.6%	11,604	1.3%
Hospitality, Events, & Tourism	$37,476	14th	129,000	1st	21.1%	5,219	0.7%
Management & Entrepreneurship	$81,347	4th	95,128	3rd	15.5%	2,326	0.3%
Marketing & Sales	$54,970	11th	64,423	4th	10.5%	472	0.1%
Public Service & Safety	$81,607	3rd	22,933	9th	3.7%	583	0.2%
Supply Chain & Transportation	$54,136	12th	41,787	6th	6.8%	3,853	1.0%

Table 2: Occupation Projections by Career Cluster

SOC Code	Title of Occupation	Annual Growth Rate	Annual Growth	Annual Exits	Annual Transfers	Annual Total Openings	2024 Average Wage
Advanced Manufacturing							
17-2011	Aerospace Engineers	-1.9%	0	1	1	2	$120,818

Industry Projections

Delaware is projected to add 35,430 jobs over the 2024-2034 projection period. The average annual job growth for Delaware during the ten-year projection period is expected to be 0.7 percent per year. This is more than the rate that the US Bureau of Labor Statistics (BLS) is projecting for the nation at 0.3 percent per year. Delaware Goods Producing industries are projected to add 4,750 jobs, while the majority of new jobs are expected in the Service Providing sector with 30,280. *Self Employed Workers* are expected to add 400 new jobs.

Agriculture, Forestry, Fishing and Hunting is expected to gain 300 jobs over the next ten years with job gains in *Crop Production*, *Animal Production*, and *Support Activities for Agriculture and Forestry* over the ten-year period. **Mining** is expected to decrease by 10 jobs, while **Utilities** is expected to gain 20 jobs.

The **Construction** supersector is expected to add 3,040 jobs over the decade with an average annual growth rate of 1.2 percent. The projected job gains are mainly being driven by job increases in the *Specialty Trade Contractors*, which is already the largest subsector within construction.

The **Manufacturing** supersector is estimated to increase over the projection period by 1,420 jobs. *Chemical Manufacturing* and *Beverage and Tobacco Product Manufacturing* are estimated to see the largest gains in **Manufacturing**, while the biggest losses are estimated to come from *Transportation Equipment Manufacturing* and *Printing and Related Support Activities*.

The Trade, Transportation, and Utilities supersector is comprised of **Wholesale Trade**, **Retail Trade**, **Transportation and Warehousing** and **Utilities**. **Wholesale Trade** is estimated to gain 710 jobs over the 2024-2034 projection period. **Retail Trade** is estimated to gain 770 jobs over the projection period. **Retail Trade** job increases in such areas as *Food and Beverage Retailers* and *Clothing and Clothing Accessories Retailers*, while the largest losses are in *Furniture, Home Furnishings and Electronics Retailers* and *General Merchandise Retailers*. **Transportation and Warehousing** is expected to gain 4,660 jobs over the projection period, an annual average increase of 1.8 percent, the fastest growing sector. These gains are driven by *Warehousing and Storage*.

Information is estimated to lose 430 jobs over the decade and with an annual average decline of 1.3 percent. It is projected to be the third fastest shrinking industry sector behind **Management of Companies and Enterprises** and **Mining**. It is predicted that **Information** will continue its long-run decline that started in 2001. Job losses are being led by a decline in *Telecommunications*.

The Financial Activities supersector is comprised of the **Finance and Insurance** and the **Real Estate and Rental and Leasing** sector. **Finance and Insurance** is projected to add 840 jobs over the ten-year projection period. Most jobs in this sector will be created in *Securities, Commodity Contracts, Investments*. In the **Real Estate and Rental and Leasing** sector, there are estimated to be 20 new jobs created.

In the Professional & Business Services supersector, **Professional, Scientific, and Technical Services** is expected to gain 2,550 jobs, **Management of Companies and Enterprises**, the fastest shrinking sector, to lose -1,160 jobs, and **Administrative and Support and Waste Management and Remediation Services** to add 1,630 jobs over the projection period.

The Education and Health Services supersector is comprised of **Educational Services** and **Health Care and Social Assistance**. **Educational Services** is expected to gain 5,350 jobs during the projected period. **Health Care and Social Assistance**, Delaware's largest industry in terms of employment, is projected to add the most jobs over the ten-year period and is also projected to be the second fastest growing industry sector with an annual growth rate of

1.4%. The 11,590 jobs created by this sector will represent nearly one-third of all jobs to be created.

In the Leisure and Hospitality supersector, **Arts, Entertainment, and Recreation** is projected to lose 570 jobs over the decade. **Accommodation and Food Services** is projected to gain 3,400 new jobs over the decade, with a projected annual average growth rate of 0.7 percent.

Other Services, Except Public Administration is expected to add 670 jobs over the projection period with an average annual growth rate of 0.3 percent. Projected job gains in **Other Services, Except Public Administration** is being driven by gains in *Personal and Laundry Services*.

Government is estimated to lose 910 jobs over the ten-year projection period. *Local government, Excluding Education and Hospitals* is expected to add 130 jobs, while *State Government, Excluding Education and Hospitals* is expected to lose 1,050 jobs and *Federal Government, Excluding Postal Service* is expected to lose 30 jobs.

Projected Net Job Growth by Industry Sector, 2034

Industry Sector	New Job Growth
Health Care and Social Assistance	11,590

The Delaware Career Compass is a step-by-step guide to career planning for students. Learn about yourself, the world of work, and how you can reach your goals.

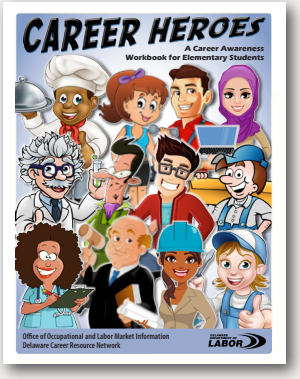

The Teacher's Guide is a companion to the Delaware Career Compass and is designed to supplement and enhance the use of the Compass in the classroom.

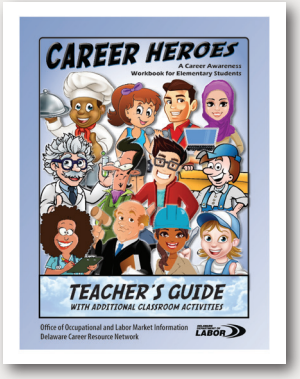

The Delaware Annual Economic Report is a comprehensive look at the state's economy and workforce.

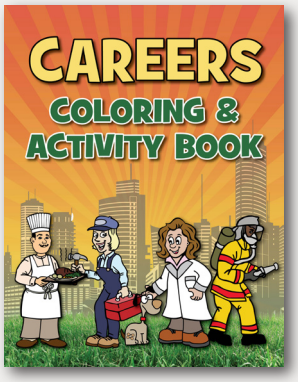

The estimates in this publication were derived from the Occupational Employment & Wage Statistics (OEWS) survey. This valuable tool is made possible by the hundreds of Delaware employers who responded to the survey. Data are published only if there are enough responses to ensure both quality and confidentiality.

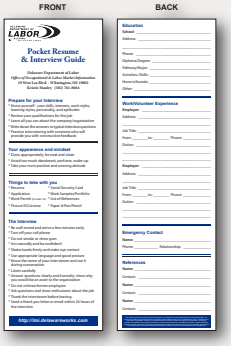

The Career Heroes Workbook is a career awareness workbook for elementary students. It is designed to be used on it's own and can be paired with the Career Heroes Trading Cards and the Teacher's Guide.

The Career Heroes Teacher's Guide provides instructions and resources for conducting the trading card activities. It also provides answer keys for the exercises in the Career Heroes Workbook that have specific answers.

The coloring pages and activities in this book are intended to be fun for children in the Pre-K to 3rd grade age groups. They have been designed around the 16 Career Clusters that were developed by the U.S. Department of Education.

Students and jobseekers who complete and carry with them this handy Pocket Resume & Interview Guide will always be prepared for success.

This bookmark lists websites for personal assessment, labor market information, job preparation, and job search.
