Are your favorite activities a clue to a good occupational match?

We all have hobbies, personal interests, school and recreational activities that we like to do. Let's see if you can make a connection between things you like to do and occupations you might find interesting.

1. Write one activity you like to do in each of the six boxes below.
2. From these, list your 3 favorite activities in the ***Activities*** column in the table at the bottom of the page.
3. Now, see if you can find occupations that would use these interests.
   Research your occupations in the ***Occupational Outlook Handbook*** or at ***www.onetonline.org***.
