Purpose

The purpose of this Employment and Training Operations (ETO) Policy is to provide guidance to youth contractors on the delivery of follow-up services to youth after the youth exits the program. The types of services provided and the duration of services must be determined based on the needs of the individual and therefore, the type and intensity of follow-up services may differ for each participant. However, follow-up services must include more than only a contact attempt or made for securing documentation in order to report a performance outcome.

- The Post Participation Plan and Justification of the Individual Service Strategy (ISS) need to be completed jointly with the student, prior to youth exiting the program.
- The Follow-Up Services Worksheet must be completed according to the agreed duration and intensity of the Post Participation Plan: i.e., “Will contact (youth) once every month for 12 months.” At a minimum, the Worksheet needs to be completed and kept in the student file quarterly. If no contact with the student was successful, case note must be entered into DJL stating the different attempts made.
- The Worksheet is used as an assessment tool and checklist in asking the appropriate questions and determining the level of service needed.
- At the time of the System Exit – contractors must answer Exit questions.
- Contact should be completed at the 2nd quarter after exit
- Contact should be completed at the 4th quarter after exit
