### Greetings,

The Visor Communication Card supports more effective communication during interactions between law enforcement officers and persons who are deaf or hard of hearing. It also assists the person in understanding the reason why the law enforcement officer is interacting with them and reduces misunderstanding and confusion.

It is designed to fit under the vehicle's sun visor, in a bag or backpack, or on a passenger seat for easy access.

The visor communication card was first offered in 2009 through the Delaware Office for the Deaf & Hard of Hearing. In 2020, the Deaf Outreach Inc. re-designed the visor communication card in collaboration with the Delaware Office for the Deaf & Hard of Hearing, the Delaware Association of the Deaf, the Independent Resources Inc., the State Council for Persons with Disabilities, the Delaware Police Chief's Council, and the Delaware Division of Motor Vehicle.

To request a visor communication card, please fill out the *Request for Visor Communication Card* form found on the next page. Visor cards are limited to Delaware residents.

Sincerely, Christina Feil

Christina Feil Community Relations Coordinator
