I. PURPOSE

The Delaware Workforce Investment Board (DWIB) with the issuance of this Request for Proposal (RFP) is requesting proposals for the following type of training:

- Adult Training Programs funded with Blue Collar funds

The source of funds that will fund this solicitation is the following:

1) Delaware Blue Collar Jobs Development Act ("Blue Collar")

The purpose of programs funded under the Blue Collar Jobs Development Act is to provide services to Dislocated Workers, to provide school to work transition sites, and to provide other innovative training programs.

II. SOLICITATION

1) The funding level identified is an estimate, based on historical information. The estimate is subject to change without notice. This estimate will be used to fund this Adult solicitation in addition to partially funding youth contracts (separate solicitation).

A minimum of 50% of Blue Collar Funds may be used to fund adult programs.

Blue Collar ($2,687,176)

2) Proposals are competitive. Competitive elements to be considered are (a) the minimum number of participants, (b) the percentage of those participants who will achieve the outcome (90 day retention in entered employment or other specified outcome as required), (c) the services to be delivered, (d) the cost and quality of the services, (e) program completion rates for all participants, (f) percentage of all participants placed into unsubsidized employment in occupations related to training received, (g) wages at placement into unsubsidized employment for all participants, (h) the types of credentials participants will obtain, (i) placement of participants into internships, and (j) proposer past performance (if applicable).

III. SPECIFIC PROGRAM SOLICITATION –

A. Adult Training (Blue Collar Funds)

1) Proposals are specifically solicited that provide adult training. Training Programs that combine classroom training with internships, actual work experience, and/or On the Job Training (OJT) will be considered recommended components.

2) Training programs that provide ABE/GED training with internships, actual work experience, and/or On the Job Training (OJT) will be considered recommended components.

3) Training programs that provide long term training will be considered recommended components. DWIB/DOL is defining long term training as longer than 39 weeks.

4) All Blue Collar Proposers will provide training that will allow trainees to earn a Credential as defined by USDOL TEGL 17-05 and found within the definitions of this RFP, a Diploma, or GED. Reference: USDOL TEGL 17-05 attachment B (http://wdr.doleta.gov/directives/attach/TEGL17-05.pdf).

5) Preference will be given to proposals, in the proposal rating criteria, that demonstrate the ability to operate quality, cost effective training programs that result in high placement rates, ability to establish solid relationships with local employers to increase job opportunities, increased wages, long term job retention, and credential attainment.
6) Proposals that include elements of new technology as part of their training plan are encouraged. One example of this is the inclusion of a training component on the installation of solar panels in an electrical training course.

7) Proposers providing training in occupations in demand will be solicited. Proposers will demonstrate that the curriculum being offered through proposed training meets the needs of the local employers.

8) Proposers will develop and implement a plan to develop employment opportunities for trainees in order to maximize success in the current economy.

9) Skills training programs will assess reading and math skills. Basic Language and numeric skills will be incorporated into skills training programs where appropriate. Stand-alone language and math remediation programs are not solicited and will not be funded. Participants who need additional Adult Basic Education and/or English as a Second Language training will be referred to Department of Education, Adult Education Division contractors for services.

10) Delaware Workforce Investment Board (DWIB) seeks occupational skill training that provides computer training appropriate to the intended placement opportunity.

11) Skills training programs will provide substance abuse training.

12) Skills training programs will provide basic computer instruction including using the Internet as a resource in obtaining employment.

13) Skills training programs will provide training/experience in analyzing and solving problems, working productively with others, being considerate, listening and following instructions, accepting responsibility, and demonstrating good attendance. These skills will be taught and reinforced continually as interrelated parts of skills training.

14) Skills training programs will provide placement retention and replacement services for all placements for the maximum amount of time under the contract. Retention services will be provided, as necessary in the day and evening in order to meet the performance measures for 6 months after the clients exit the program.

15) The DWIB requires all proposals for job training to include job placement as an integral part of the program.

16) DWIB requests training programs to report any participant who has excelled in their respective training and who may be considered candidates for more intensive training, in the event such programs become available in the workforce development community.

17) The following are targeted training / skill areas solicited:

IV. TYPES OF TRAINING

A. Occupational Skills Training

Occupational Skills training is occupational specific training designed to provide individuals with the technical skills and information required to perform a specific job or group of jobs. Occupational skills training shall be designed for occupations for which there is demand in the labor market. Skills training will be provided in a contextual manner and will combine classroom and work-based training. Occupational skills training programs will emphasize long-term, essential employment through appropriate skills training and remediation to the extent necessary for success.

1) Classroom Training

Classroom Training means any training of the type normally conducted in an institutional setting, including vocational education, which is designed to provide individuals with technical skills and information required to
perform a specific job or group of jobs. Such vocational education will include training designed to enhance the employability of individuals by upgrading basic skills, through the provision of courses such as remedial education, or “English-as-a-second-language.”

2) On-the-Job Training (OJT)

OJT means training by an employer in the private or public sector. Training will be given to a participant who, after objective assessment, and in accordance with the ISS, has been referred to and hired by the employer following the development of an agreement with the employer to provide occupational training in exchange for reimbursement of the employer’s extraordinary costs. This is accomplished by reimbursing the employer an agreed upon percentage of the client’s wages (usually 50%). OJT occurs while the participant is engaged in productive work that provides knowledge and skills essential to the full and adequate performance of the job. This does not prevent a participant who has been trained by one employer from ultimately being placed in a comparable, training-related position with another employer.

OJT may be integrated with other types of training such as classroom training or remediation. When utilized with classroom training, OJT may be accomplished either prior to, following, or during the training.

On-the-Job training shall be limited in duration to a period not in excess of that generally required for acquisition of skills needed for the position within a particular occupation, but in no event shall exceed 6 months, unless the total number of hours of such training is less than 500 hours, including time spent in classroom training during which wages are paid by the employer. In determining the period generally required for acquisition of the skills, consideration shall be given to recognized reference material (such as the Dictionary of Occupational Titles), employer training plans and content, and the participant’s education, prior work experience, and ISS. OJT participants will be compensated at the same rates, receive the same benefits, and have the same working conditions as similarly situated employees.

OJT will provide essential training in higher skill occupations appropriate to the participant’s needs and occupational interests. Training plans will be developed which reflect rigorous occupational skill development.

B. ABE/GED

Instruction on the basic skills required to achieve a High School Diploma/GED. This is completed as classroom training by a State of Delaware, Department of Education approved program. This training is provided for individuals who lack a high school diploma or GED and will be offered in conjunction with occupational skills training, and/or work activities (such as work experience or OJT).

ABE/GED/High School Diploma instruction alone is not an allowable activity.

C. Work Readiness

Work Readiness is classroom or on-the-job training, which focuses on specific work behaviors, not occupational skills. The training is provided for individuals who lack actual work experience, or who have unacceptable work behaviors. Work Readiness training will be offered in conjunction with occupational skills training, and/or remediation.

Work Readiness instruction alone is not an allowable activity.

D. Work Experience/Internship

Work Experience/Internship means a short term or part-time training assignment with a public, private for profit sector, or private non-profit organization for a participant who needs assistance in becoming accustomed to basic work requirements.
Suitability - Work experience should be designed to promote the development of good work habits and basic work skills for individuals who have never worked or who have been out of the labor force for an extended period of time.

Duration - Participation in work experience shall be for a reasonable length of time, based on the needs of the participant, which shall be documented in the participant’s ISS. The Delaware Workforce Investment Board will notify you regarding the scheduled time/date.

What is the overall end state that your agency will accomplish for the customers who are served by this solicitation? This statement should clearly indicate the program’s responsibility to serve the customer from recruitment through 6 months of post exit follow-up services. All proposals must demonstrate a commitment to developing long-term relationships with individuals served in the proposed program.

**Outcome Statement:** The result that the investor seeks (generally an end state) to which all performance targets must contribute. Examples include: a school with no one being drug-dependent, a community in which no baby has a low birth weight for any preventable reason, etc. Outcomes are specific states or conditions that can be understood to be caused or at least influenced by the achievement of performance targets.
A. WHO are the customer for the selected program and HOW MANY customers do you plan to serve in the coming program year? Please provide a description of conditions and behaviors of typical customers as well as demographic information on this customer group.

B. Profile-Please provide a profile of one or two customers served by this program.

**Customer:** Customers are people who directly interact with an organization’s product and its implementers. This interaction is intended to result in a change in customer behavior or condition in line with organizational outcomes and mission.
A. What are your QUANTITATIVE PERFORMANCE TARGETS for these customers for the year and how will you know if you reached them? Proposed programs must include the performance goals that are included in the Specific Program Solicitation of the RFP.

**Performance Targets:** The specific result that an implementer seeking investment will commit to achieve. It is tangible in the sense that it can be verified and narrow enough to be directly achieved by the implementer. It almost always represents a change in behavior for the customer of a program.
What are the CORE FEATURES of your *product*?

A. Intensity/Duration – Describe the intensity of the service to participants, including hours of participation. In addition identify the enrollment schedule, training schedule and the duration of the program including post-exit follow-up.

B. Essential Elements: At a minimum the milestones established in Target Question 6 must be described.

C. Comparative Advantages Over other Products.

D. Delivery Strategy – In a narrative fashion describe how a specific client will flow through the elements of your program.

E. Other Core Features (up to one page per item may be used).
   1. Identify the program’s outreach and recruitment methods.
   2. Describe your criteria for participant selection.
   3. Describe the way your training program integrates work and learning.
   4. Describe the way that the proposer has ensured that the training will meet employer needs. Include the employers name(s) and contact information for employers that have provided input.
   5. Describe recognized certificate(s)/credential (See Definitions) that a successful completer of your program will achieve.
A. Identify the key people and their qualifications who are primarily responsible for delivering the product, including outreach, assessment, training, coaching/mentoring, fiscal reporting, and project management, as applicable to your specific proposal. If the key people are not known, describe the position, its qualifications and who will be doing the hiring. This is limited to only positions requested to be funded with this proposal.

B. Identify the critical intermediaries (other individuals/agencies) that are a part of your delivery strategy and how they benefit your program.
Performance Milestone Numbers (i.e. Credential Obtainment and Day 1) should be projected to meet performance. In order to do this, the percentage within the RFP should be multiplied by the projected new enrollment for the year.

**Milestone:** A critical point that customers must reach to ensure that a project is on course to achieving its performance target.

**Verification:** Establishing that something represented to happen does in fact take place. Verification in Outcome Funding replaces measuring. It is kept as simple as possible and looks more to answer the question yes or no than to measure small differences. Verification typically focuses on milestones and performance target accomplishments.
