BACKGROUND

Veterans and eligible spouses (covered persons) are given priority of service for the receipt of employment, training, and placement services provided under all Delaware Division of Employment and Training (DDET) funded programs. Veterans and eligible spouses are entitled to precedence for such services.

This means that a veteran or eligible spouse either receives access to a service earlier than others, or if resources are limited, the veteran or eligible spouse receives access to the service instead of others.

Veterans must first meet program eligibility requirements in order to obtain priority of service.

VETERAN: A veteran who is eligible or spouse of an eligible veteran who is entitled to receive priority of service is a person who has served at least one day in the active military, naval, or air service, and who was discharged or released from service under any condition other than a condition classified as dishonorable is a covered person. This definition includes Reserve units and National Guard units activated for Federal Service.

It is important to note that the definition of veteran in the Jobs for Veterans Act (JVA), the Priority of Service Regulations and TEGL 10-09 and 3-14 differs from the definition of veteran that applies to reporting of Wagner-Peyser services and to eligibility to receive services from a Disabled Veterans’ Outreach Program (DVOP) specialist or a Local Veterans’ Employment Representative (LVER) staff member.

The veteran definition that requires the individual to have over 180 days of active service still applies to Wagner-Peyser reporting and to eligibility for DVOP and LVER services but does not apply to priority of service in DOL-funded employment and training programs. It is the responsibility of DDET to ensure that policies and procedures and staff training reflect the correct eligibility definition.

Eligible Spouse: As defined in 38 U.S.C. 4215 (a), means the spouse of any of the following:

a. Any veteran who died of a service connected disability;

b. Any member of the Armed Forces serving on active duty who, at the time of application for the priority, is listed in one or more of the following categories and has been so listed for a total of more than 90 days:

   i. Missing in action;
