8. Concise Proposals

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware's interest is in the quality and responsiveness of the proposal.

9. Realistic Proposals

It is the expectation of the State of Delaware that providers can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected provider proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the provider community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a provider feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the provider's confidential business information may be lost.

In order to allow the State to assess its ability to protect a provider's confidential business information, providers will be permitted to designate appropriate portions of their proposal as confidential business information.

Provider(s) may submit portions of a proposal considered to be confidential business information in a separate attachment clearly labeled “Confidential Business Information” and include the specific RFP number. The attachment must contain a letter from the Provider’s legal counsel describing the documents, representing in good faith that the information in each document is not “public record” as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions. The Provider should also include the confidential attachment information on Appendix C, Attachment 3 as appropriate.

Upon receipt of a proposal accompanied by such an attachment, the State of Delaware will open the attachment to determine whether the procedure described above has been followed. A Provider’s allegation as to its confidential business information shall not be binding on the State of Delaware. The State of Delaware shall independently determine the validity of any Provider designation as set forth in this section. Any Provider submitting a proposal or using the procedures discussed herein expressly accepts the State’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Provider(s) assume the risk that confidential business information included within a proposal may enter the public domain.

If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the State of Delaware, and approval of a request to subcontract shall not in any way relieve Provider of responsibility for the professional and technical accuracy and adequacy of the work. Further, provider shall be and remain liable for all damages to the State of Delaware caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-provider proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each provider.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by State of Delaware. **The lead Provider shall be wholly responsible for the entire contract performance whether or not subcontractors are used.**

14. Discrepancies and Omissions

Provider is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of provider. Should provider find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, provider shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the deadline for the submission of proposals.

This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of provider's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

15. State’s Right to Reject Proposals

The State of Delaware reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the State of Delaware’s specifications or provider’s response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the State of Delaware may deem necessary in the best interest of the State of Delaware.

16. State’s Right to Cancel Solicitation

The State of Delaware reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The State of Delaware makes no commitments expressed or implied, that this process will result in a business transaction with any provider.

This RFP does not constitute an offer by the State of Delaware. Provider’s participation in this process may result in the State of Delaware selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the State of Delaware to execute a contract nor to continue negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for no reason.

17. State’s Right to Award Multiple Source Contracting

Pursuant to *29 Del. C. § 6986*, the State of Delaware may award a contract for a particular professional service to two or more providers if the agency head makes a determination that such an award is in the best interest of the State of Delaware.

18. Potential Contract Overlap

Providers shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple providers during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

19. Supplemental Solicitation

The State reserves the right to advertise a supplemental solicitation during the term of the Agreement if deemed in the best interest of the State.

20. Notification of Withdrawal of Proposal

Provider may modify or withdraw its proposal by written request, provided that both proposal and request is received by the State of Delaware prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the State of Delaware at the proposal submission deadline. All proposals received are considered firm offers at that time.

21. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware’s website at www.bids.delaware.gov . The State of Delaware is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

22. Exceptions to the RFP

Any exceptions to the RFP, or the State of Delaware’s terms and conditions, must be recorded on Appendix C, Attachment 2. Acceptance of exceptions is within the sole discretion of the evaluation committee. Delaware reserves the right to deny any and all exceptions taken to the RFP requirements.

23. Business References

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Appendix C, Attachment 4. Include business name, mailing address, contact name and phone number, number of years doing business with, and type of work performed. Personal references cannot be considered.

24. Award of Contract

The final award of a contract is subject to approval by the State of Delaware. The State of Delaware has the sole right to select the successful provider(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a provider of the acceptance of its proposal by the State of Delaware and the subsequent full execution of a written contract will constitute a contract, and no provider will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the State of Delaware will award the contract.

The contract shall be awarded to the provider whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the State of Delaware is not obligated to award the contract to the provider who submits the lowest bid or the provider who receives the highest total point score, rather the contract will be awarded to the provider whose

proposal is the most advantageous to the State of Delaware. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning provider will be invited to negotiate a contract with the State of Delaware; remaining providers will be notified in writing of their selection status.

25. Cooperatives

Providers, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation. **State of Delaware terms will take precedence.**

C. RFP Evaluation Process

An evaluation team will evaluate proposals. DET will establish and convene a Proposal Evaluation Team that will consist of at least three (3) members. It may include DWDB members, subject matter expert (determined by DET staff) and other representatives who represent individuals with barriers to employment as identified in WIOA section 3(24) as well as veterans and other targeted populations at the DET's discretion.

The State of Delaware reserves full discretion to determine the competence and responsibility, professionally and/or financially, of Providers. Providers are to provide in a timely manner any and all information that the State of Delaware may deem necessary to make a decision.

- 3. Proposal Selection Criteria** - The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the Provider's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the State of Delaware to be essential for use by the Proposal Evaluation Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible Provider and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Proposal Evaluation Team.

The Proposal Evaluation Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all Providers during the contract review and negotiation.
- Negotiate any aspect of the proposal with any Provider and negotiate with more than one (1) Provider at the same time.
- Select more than one (1) Provider pursuant to 29 *Del. C.* §6986. It is anticipated that multiple Providers will be selected. Such selection will be based on the type of services and programming being offered and the existing needs for services and programming for Summer Youth Employment.
- For all Providers who have had a contract with DWDB or DET in the past, DET will provide the Proposal Evaluation Team with information about past performance, which will be taken into consideration when making funding recommendations.

4. **Proposal Evaluation Criteria** - All proposals shall be evaluated using the same criteria and scoring process. Providers are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a Provider’s capabilities so the responding Provider should be detailed in their proposal responses.

The following criteria shall be used by the Evaluation Team to evaluate proposals:

7. Oral Presentations

After initial scoring and a determination that provider(s) are qualified to perform the required services, selected providers may be invited to make oral presentations to the Evaluation Team. All provider(s) selected will be given an opportunity to present to the Evaluation Team. The Evaluation Team reserves the right to not hold a Proposal Clarification and make recommended awards based solely on the Written Review.

The selected providers will have their presentations scored or ranked based on their ability to successfully meet the needs of the contract requirements, successfully demonstrate their product and/or service, and respond to questions about the solution capabilities.

The provider representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

The Proposal Evaluation Team may negotiate with one (1) or more Providers during the same period and may, at its discretion, terminate negotiation with any or all Providers. The Proposal Evaluation Team will make funding recommendations to DET. DET shall have final authority, subject to the provisions of this RFP and 29 Del. C. § [6982\(b\)](#), to award contracts to successful Providers in the best interests of the State of Delaware. DET may accept the recommendations in whole or in part,

or may add conditions to the recommendations. Funding may be approved to fund all or any portion of the cost of a program.

Providers may request an explanation of the basis of the awarding of funds from the Director of the DET. The request must be in writing and must be submitted within ten (10) days of the date indicated on the award notification.

V. Contract Terms and Conditions

A. Contract Use by Other Agencies

REF: Title 29, Chapter 6904(e) Delaware Code. Agencies, other than covered agencies, may also procure such goods or services under another agency's contract when the arrangement is agreeable to all parties.

B. Cooperative Use of Award

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded provider(s).

C. As a Service Subscription

As a Service subscription license costs shall be incurred at the individual license level only as the individual license is utilized within a fully functioning solution. Subscription costs will not be applicable during periods of implementation and solution development prior to the State's full acceptance of a working solution. Additional subscription license requests above actual utilization may not exceed 5% of the total and are subject to Delaware budget and technical review.

D. General Information

1. The term of the contract between the successful bidder and the State shall be for two (2) years with two (2) optional extensions for a period of one (1) year for each extension.
2. The selected provider will be required to enter into a written agreement with the State of Delaware. The State of Delaware reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by the State of Delaware. Providers will be required to sign the contract for all services and may be required to sign additional agreements.
3. The selected provider or providers will be expected to enter negotiations with the State of Delaware, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected provider's response to this RFP will be incorporated as part of any formal contract.
4. The State of Delaware's standard contract will most likely be supplemented with the provider's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
5. The successful provider shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No provider is to begin any service prior to receipt of a State of Delaware purchase order signed by two authorized

representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful provider.

6. If the provider to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another provider. Such provider shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.
7. The State reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.
8. Providers are not restricted from offering lower pricing at any time during the contract term.

E. Collusion or Fraud

Any evidence of agreement or collusion among provider(s) and prospective provider(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such provider(s) void.

By responding, the provider shall be deemed to have represented and warranted that its proposal is not made in connection with any competing provider submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the provider did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the provider's proposal preparation.

Advance knowledge of information which gives any particular provider advantages over any other interested provider(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

F. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Providers found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected provider will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the State of Delaware shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

G. Solicitation of State Employees

Until contract award, providers shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the provider, its affiliates, actual or prospective contractors, or any person acting in concert with provider, without prior written approval of the State of Delaware's contracting officer.

Solicitation of State of Delaware employees by a provider may result in rejection of the provider's proposal.

This paragraph does not prevent the employment by a provider of a State of Delaware employee who has initiated contact with the provider. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Providers may not knowingly employ a person who cannot legally accept employment under state or federal law. If a provider discovers that they have done so, they must terminate that employment immediately.

Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Provider's obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Provider will waive any separation fee provided an employee works for both the provider and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State's intention to hire.

Failure to perform under this provision constitutes a material breach of contract.

Recipients of financial assistance through this RFP must take reasonable steps to ensure that communications with individuals with disabilities are as effective as communications with others. This means that, upon request and at no cost to the individual, recipients are required to provide appropriate auxiliary aids and services to qualified individuals with disabilities. Failure to perform under this provision constitutes a material breach of contract.

18. Covenant against Contingent Fees

The successful provider will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Provider for the purpose of securing business. For breach or violation of this warranty the State of Delaware shall have the right to annul the contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

19. Provider Activity

No activity is to be executed in an off-shore facility, either by a subcontracted firm or a foreign office or division of the provider. The provider must attest to the fact that no activity will take place outside of the United States in its transmittal letter. Failure to adhere to this requirement is cause for elimination from future consideration.

20. Provider Responsibility

The State will enter into a contract with the successful Provider(s). The successful Provider(s) shall be responsible for all products and services as required by this RFP whether or not the Provider or its subcontractor provided final fulfillment of the order. All of the equipment and services required hereunder shall be provided by or performed by the Provider or under its direct supervision, and all personnel, including subcontractors, engaged in the work shall be fully qualified and shall be authorized under State and local law to perform such services.
- c. None of the equipment and/or services covered by this contract shall be subcontracted without the prior written approval of the State. Only those subcontractors identified in Appendix C, Attachment 5 are considered approved upon award. Changes to those subcontractor(s) listed in Appendix C, Attachment 5 must be approved in writing by the State.

22. Fair Background Check Practices

Pursuant to 29 Del. C. [§6909B](#), the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Providers doing business with the State are encouraged to adopt fair background check practices. Providers can refer to 19 Del. C. [§711\(g\)](#) for applicable established provisions.

23. Provider Background Check Requirements

Provider(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving in the program. - Delaware Sex Offender Central Registry at:
<https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract but may provide support or off-site premises service for contract providers. Should an individual be identified and the Provider(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Provider(s) shall provide a list of all employees serving an awarded contract and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Provider to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Provider(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

24. Work Product

All materials and products developed under the executed contract by the provider are the sole and exclusive property of the State. The provider will seek written permission to use any product created under the contract.

In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, State of Delaware's RFP, Provider's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between the State of Delaware and the provider.

26. Applicable Law

The laws of the State of Delaware shall apply, except where Federal Law has precedence. The successful provider consents to jurisdiction and venue in the State of Delaware.

The selected provider shall keep itself fully informed of and shall observe and comply with all applicable existing Federal and State laws, and County and local ordinances, regulations and codes, and those laws, ordinances, regulations, and codes adopted during its performance of the work.

27. Severability

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

28. Assignment Of Antitrust Claims

As consideration for the award and execution of this contract by the State, the Provider hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this contract. Upon either the State's or the Provider notice of the filing of or reasonable likelihood of filing of an action under the antitrust laws of the United States or the State of Delaware, the State and Provider shall meet and confer about coordination of representation in such action.

29. Scope of Agreement

If the scope of any provision of the contract is determined to be too broad in any respect whatsoever to permit enforcement to its full extent, then such provision shall be enforced to the maximum extent permitted by law, and the parties hereto consent and agree that such scope may be judicially modified accordingly and that the whole of such provisions of the contract shall not thereby fail, but the scope of such provisions shall be curtailed only to the extent necessary to conform to the law.

Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Provider agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Provider, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Provider's financial records will be borne by the Provider. Reimbursement to the State for disallowances shall be drawn from the Provider's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.
